

Andrew A Zacharia

Web Developer (Permanent Resident Australia)

14 Endeavour Crescent, Endeavour Hills VIC 3802, Australia
[+61468366820](tel:+61468366820) | andyzack@gmail.com | www.andrewaz.com

I'm a front end web developer very good in taking a vague, high-level concept, working through the myriad details to create a full design, then collaborating closely with peers to get it built.

I'm currently seeking a new challenge where I can utilise my skills and knowledge to drive company's objectives and join hands in making a difference.

Jun 2016 **Cartrawler** 

– Jan 2020 **Consultant Contractor** (based in Melbourne, Australia)

Nov 2006 **Cartrawler** 

– Jun 2016 **Front End Engineer** (based in Dublin, Ireland)

Worked for Cartrawler, Ireland, from early startup years through to the highly successful years as the company grew to hundreds of people, played a key part in the core team as a front end dev, built, lead many solutions that were key to the success of numerous partner deals. My role includes...

- Build, maintain and expand car rental and mobility landing pages and widgets
- Liaising with stakeholders to create a full design and get it built
- Mentoring, guiding team on design/web standards
- Build front end workflow automation
- Providing technical assistance and problem-solving skills in a dynamic, collaborative and agile work environment
- Work closely with clients based in Australia to support work and deliver solutions in an effective and timely manner

Jun 2005 **i-flex Solutions Ltd. (Oracle Financial Services)** 

– Jun 2006 **Associate Consultant – Design**

Sep 2004 **Capco** 

– Jun 2005 **Associate Consultant – Design**

A former employee of i-flex, I was part of the transition of Operational Risk Suite of products (Reveleus ) from Capco, a management and consultancy firm in 2005.

- Conceptual design, illustration & development of Reveleus, a BASEL II compliant software solution for controlling & management of operational risks
- Assists in determining and setting standards for the look-and-feel of the entire application

i-flex Team Award
April 2006

addr.com top designer
won weekly award 15 times - 2004

Nikkel Appreciation
initiating & developing intranet - 2000

Dec 2003 **ADDR.com** [↗](#)
– Sep 2004 **Web/Graphic Designer**

A web hosting and design studio experience working with more than 30 designers and analysts delivering custom web design.

- Develop websites to support specific business objectives as well as reinforcing Company's brand image by designing and constructing web pages incorporating UI features and other techniques.

Aug 2000 **Enventure Technologies** [↗](#)
– Sep 2004 **Programmer**

Joined enventure as Electronic Engineer but soon changed to a Programmer as I got the opportunity to build company's intranet, my first web project ever. After this my passion for web design and development never stopped as I involved myself with many web projects.

- Conceptual design, illustration & development of desktop/web solutions.
